## Curriculum of general knowledge

### Basics of web development

[Click to watch 10 H course](#)

You will need how websites work, and know what backend and frontend development is.

### Basics of networking

[Click to watch 10 H course](#)

You will need to know servers types, addressing and how does the internet works

### Knowledge in Gits and github

[Click to watch 1 H course](#)

Since our organization uses github for communication purposes and other purposes you will need to know how all of this stuff works.

### Programming concepts

[Click to watch 1.5 H course](#)

What is an api? gui? and more...

## Curriculum of programming

### Well-knowing in php or python

[Click to watch PHP course](#) | [Click to watch Python course](#)

We use php and python to run our backend service and apis, so it's important to know what we are talking about

### HTML and CSS (super easy to learn)

[Click to watch 11 H course HTML and Css \(zero to hero course\)](#)

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed diam.

## Trusted schools

[freecodecamp.org](https://freecodecamp.org)

[W3schools.com](https://W3schools.com)

## Just you know

Our goal is not financial!

Our goal is to have fame and use it in the right way by powering up humans' minds and letting the world be thirsty for education again!
